

HIGH LINER FOODS

As an organization, we're committed to delivering **Responsible Sourced** seafood to our customers. By continuing to join together on this journey, we can help secure a stronger future for this important resource.

Responsible Sourced for Wild Caught Species

✓ Is MSC (Marine Stewardship Council) certified or, is in Full MSC Assessment

✓ or, is in a credible and publically documented fishery improvement project (FIP)*

Responsible Sourced for Aquaculture Species

Is Global Aquaculture Alliance (GAA) Best Aquaculture Practices (BAP) approved (1- 4 star rated)

GLOBALG.A.P.
The Global Partnership for Safe and Sustainable Agriculture

or, is Global GAP certified

or, is ASC (Aquaculture Stewardship Council) certified or, is in Full ASC Assessment

or, is in a credible and publically documented aquaculture improvement project (AIP)*

*The improvement project must have a detailed work plan that includes goals with timelines and reporting of milestones referenced on www.fishsource.org, www.wwf.org and www.salmonfippartnership.org/fip

For both wild-caught and aquaculture species

if it is **Ocean Wise "Recommended"** or **Monterey Bay Aquarium's Seafood Watch** program rated **"Green"** or **"Yellow,"** it also meets our definition of **Responsible Sourced**.
